## Referrals Are Important!

**Thank you for giving Swiss America the opportunity to serve you!** It is our goal to provide our readers with the very best educational resources available to help you evaluate the wisdom of tangible asset diversification.

**Many new clients come to Swiss America as a result of referrals!** That is why we are sending you this letter; to request your help by referring a friend, family member and/or associate to us you feel would benefit from receiving more information.

**We pledge 100% confidence and professional conduct with referrals.** If someone comes to mind, use the reverse side of this letter to include their name, address and phone number. Then return this letter to Swiss America via U.S mail or fax.

**Thank you in advance for your support of Swiss America!** Together let's "*Inspire America to Rediscover Gold in the 21st Century*"!

Best Regards,

**Dean Heskin, CEO**
